*Ref. 2005 Arizona Revised Statutes – 49-542 Emissions Inspection Program; Powers and Duties of Director; Administration; Periodic Inspection; Minimum Standards and Rules; Exception – Chapter 73, Section 1, 2(a-x)*

Arizona State Statutes require vehicles older than 5 model years must have an emissions inspection with a licensed vehicle inspector. You must complete an Arizona Emissions Inspection with your local Arizona Inspector to legally title and register your new vehicle. For proper registration and/or lien filing for your bank, you must comply with Arizona State Law by assisting and finalizing the Arizona Emissions Inspection. Any delay with assistance will result in late penalties from the State of Arizona and/or legal action.

I understand that my involvement is required and necessary to complete the Arizona Emissions Inspection and I acknowledge that delays on my part will result in additional state taxes and fees.
