

California SMOG Test Disclaimer

Ref. California Code Registration Titles Section 16-3340.15 – General Requirements for SMOG Check Stations & California Code Registration Titles Section 1-3340.42 – SMOG Check Test Methods and Standards

California State Statutes require all California Registered Drivers to show proof of a valid SMOG Test to register a newly purchased vehicle in California. You must bring your new vehicle to a Licensed Inspector in California to obtain a SMOG Test to legally title and register your new vehicle. For proper registration and/or lien filing for your bank, you must comply with California State Law by assisting and producing the California SMOG Test. Any delay with assistance will result in late penalties from the State of California and/or legal action.

I understand that my involvement is required and necessary to complete/produce/acquire the California SMOG Test and I acknowledge that delays on my part will result in additional state taxes and fees.
