Colorado State Statutes require all Colorado Registered Drivers purchasing a vehicle with an out of state title from an out of state dealer to show proof of a valid VIN Verification to register a newly purchased vehicle in Colorado. You must bring your new vehicle to any law enforcement officer, Licensed Dealership, or Licensed Inspector in Colorado to obtain a VIN Verification to legally title and register your new vehicle. For proper registration and/or lien filing for your bank, you must comply with Colorado State Law by assisting and producing the Colorado VIN Verification. Any delay with assistance will result in late penalties from the State of Colorado and/or legal action.

I understand that my involvement is required and necessary to complete/produce/acquire the Colorado VIN Verification and I acknowledge that delays on my part will result in additional state taxes and fees.
